

Reserved Parking now a Reality at Mount Royal College

Tacoma, Washington | March 2, 2010 - TagMaster North America, Inc., the leading provider of long-range and high-performance Radio Frequency Identification (RFID) systems for Automatic Vehicle Identification (AVI) announced that it has just added Mount Royal College – Lincoln Park campus in Calgary, Alberta, Canada to its successfully installed customer base, strengthening its market presence in the university sector and in Canada. Trafco (Canada) Ltd., a trusted Canadian solution provider with a focus on the transportation industry spearheaded the installation.

What was once a free-for-all parking situation, with no barrier gates to restrict entry and exit, was transformed into a parking facility with Reserved Parking, that's easier and more convenient to use. Both faculty and students who expect a guaranteed space for their vehicles are now able to do so with confidence.

A total of 5 LR-6 PassMan Readers and 750 S1255 MarkTags were installed along with Magnetic Automation barrier gates. T2 Systems is the parking operations management software of choice at the campus.

Due to the successful installation and high customer satisfaction levels, Mount Royal College plans to expand usage in other areas within the campus in the future, including availability of TagMaster tags with debit card capabilities.
